UCI CARE Campus Assault Resources & Education Confidential assistance is available at (949) 824-7273 www.care.uci.edu

**Placing Work Orders** - Please place a work order instead of attempting repairs yourself. Address maintenance problems immediately as it can progressively and exponentially be more expensive and more difficult to remedy the worse they get.

**On-Line Work Order Request** - When placing a work order on-line, go to https://www.housing.uci.edu/services/Work_Order.html. Select Work Order for Palo Verde. Use the drop-down menu and select the building number, then your apartment number (make sure you use your correct apartment number) and location of the problem from the list, then click the button. For Example: 5905K for Kitchen, 5905R for Restroom, etc. Fill out the form completely. Insure all fields marked with an * are completed or you will not be able to submit the request. Do not use this site for any emergency requests (leaking water, overflowing sink or toilet, etc.).

**Place a Work Order in Person** - Come to the Palo Verde Office and complete a work order request or call us at (949) 824-8918.

Your residential contract contains a RIGHT TO ENTRY clause that allows PV staff to enter your unit for maintenance. Our staff wear blue shirts with the Student Housing logo (except for the painter who will be wearing white) and carrying their UCI staff identification. Never open the door or allow entry if you have any doubt. Our PV staff know they may be turned away until the work/worker is verified through housing.

**Simple Ways to Discourage Break-ins**

You may have heard of the recent burglaries in some of the UCI housing communities. While we are in a relatively safe community, Palo Verde is not immune to crimes and vandalism. Here are some tips to increase your security and to prevent becoming a victim of a crime:

**Safety Tips for Your Residence:**

- Do not leave any personal items outside your apartment. This includes bicycles.
- Do not leave notes on your front door letting others know when you will be away or returning.
- Do not authorize shipping carriers to leave packages at your door if you are not at home.
- Never leave your apartment door unlocked. This includes when you leave to retrieve the mail or take out the trash. Someone lurking in the breeze way could gain access quickly.
- Keep valuable items secure in your residence. Lock items in a safe or other protected location.
- Valuables should not be visible through the windows and doors of your residence.
- Get to know your neighbors and other residents. Together, you can improve security in your building and neighborhood.
- Never open your door to strangers. Check the ID of service people before letting them in. Do not be embarrassed to call for verification.
- If you come home and see a door or window open or broken or notice other indicators of a break in, do not enter your house - leave immediately. Call 911 from a safe location.

**Tips to Prevent Thefts from Vehicles:**

- Even if you are running into the store or to your apartment, quickly.
- Make sure you use your correct apartment number)
- Do not authorize shipping carriers to leave packages at your door if you are not at home.
- Never leave your apartment door unlocked. This includes when you leave to retrieve the mail or take out the trash. Someone lurking in the breeze way could gain access quickly.
- Keep valuable items secure in your residence. Lock items in a safe or other protected location.
- Valuables should not be visible through the windows and doors of your residence.
- Get to know your neighbors and other residents. Together, you can improve security in your building and neighborhood.
- Never open your door to strangers. Check the ID of service people before letting them in. Do not be embarrassed to call for verification.
- If you come home and see a door or window open or broken or notice other indicators of a break in, do not enter your house - leave immediately. Call 911 from a safe location.

**Testing and Building Inspections**

**Tuesday, August 14th - Tuesday, August 21st**

All smoke detectors, horns and sprinkler heads are inspected two times per year as required by the State Fire Marshal’s office.

The University’s Environmental Health and Safety staff will be conducting the required testing and inspections between the hours of 9:00am to 3:00pm and require the inspectors to entry into all rooms of the apartments. The dates are listed below and may be subject to change:

- **Tues, 8/14:** Bldg 1100, 1200, 1300, 1400
- **Wed, 8/15:** Bldg 2100, 2200
- **Thurs, 8/16:** Bldg 3100, 3200, 3300
- **Tues, 8/21:** Bldg 4100, 4200, 4300, 4400

All the signal devices/horns testing and repairs will produce sounds and disturbances in and around the apartments for short periods. Residents do not need to be home.

For additional information if you have an unsecured pet, or have any questions or concerns, contact the Palo Verde Office at (949) 824-8918

**Thank you for your cooperation.**

Reasons to Recycle
Because landfills are so densely packed, much of the degradation that occurs is anaerobically, or without air. Anaerobic processes create a tremendous about of methane gas, which is a major contributor to global warming.

Recycling helps us to convert our old products into new useful products. In other words, it is good for the environment. Since we are saving resources and are sending less trash to the landfills, it helps in reducing air and water pollution.

“Yesterday is history. Tomorrow is a mystery. Today is a gift. That’s why it’s called the present.” ~ Unknown
