PV Picnic and a Movie
Tuesday, August 20th
From 6:30 – 8:00pm
OUTDOOR MOVIE SCREENING AT DUSK
Bring a picnic and meet others on the PV lawn
(between the 0400 and the 9700 buildings)

Starring: Melissa McCarthy, Kristen Wiig, Kate McKinnon, Leslie Jones, Charles Dance, Michael Kenneth Williams, Chris Hemsworth.

Paranormal researchers Abby Yates and physicist Erin Gilbert are trying to prove that ghosts exist in modern society. When strange apparitions appear in Manhattan, Gilbert and Yates turn to engineer Jillian Holtzmann for help. Also joining the team is Patty Tolan, a lifelong New Yorker who knows the city inside and out. Armed with proton packs and plenty of attitude, the four women prepare for an epic battle as more than 1,000 mischievous ghouls descend on Times Square.

In case of inclement weather, the PV Picnic and a Movie will be moved to the Palo Verde Community Room. All guests are welcome.

Fire System Testing and Inspection
All smoke detectors, horns and sprinkler heads are inspected two times per year as required by the State Fire Marshal’s office. The University’s Environmental Health and Safety employees will be conducting the fire alarm testing, sprinkler testing and building inspections. The testing will be between the hours of 9:00am to 3:00pm and require the inspectors’ entry into all rooms of the apartments. Residents do not need to be home.

The schedule below may be subject to change and updates will be provided:

- **Tuesday, August 20**: Bldg 1100, 1200, 1300, 1400
- **Wednesday, August 21**: Bldg 2100, 2200, 2300, 2400, 2500, 4500 Laundry
- **Thursday, August 22**: Bldg 3100, 3200, 3300
- **Monday, August 26**: Bldg 7200
- **Tuesday, August 27**: Bldg 4100, 4200, 4300, 4400
- **Wednesday, August 28**: Bldg 8100, 8200
- **Thursday, August 29**: Bldg 8300

All of the testing and repairs will produce sounds and disturbances (signal devices/horns) around and in the apartments for short periods. Contact the Palo Verde office at (949) 824-8918 regarding any animal concerns or other questions.

Thank you for your cooperation.

Thinking about getting Renter’s Insurance?
It is easy to think a catastrophe will not happen to you, but financial disasters may be more common than you would think. Unfortunately, accidents do happen. One of the biggest mistakes that renters, who are victims of disasters or crimes find out after the fact, is that their landlord’s insurance did not cover their personal property.
Renter’s insurance is designed to cover the cost of replacing your belongings in the event of an accident, theft or natural disaster. Bundling your renter’s insurance with your other insurance policies can be an easy way to save on the cost of coverage. Check with your car insurance company to see if they offer renter’s insurance.

Renter’s insurance is one of the items you should never cut from your budget.

Advertise for Sublets, Buy or Sell Furniture and More! The Anteater Housing Network provides easy access to message boards to find sublets, buy or sell furniture, reach other UCI students and more! Guests access to the site is granted for a limited time for prospective students and other campus affiliates.
Tips For Preventing Clogged Drains

A clogged drain is one of the issues that we receive daily calls about. It is far easier to prevent clogged drains in the first place than it is to unplug them after the fact.

Do Not Put Anything Down the Sink - One of the best ways to prevent slow or clogged drains is to be careful about what you put into them. The only things that should be going down the sink are water and the light residues from soap, toothpaste and the like. Coffee grounds, lotions, and other creams or liquids could clog up the pipes. Also, chemicals and even chemical cleaning solutions that you use for your basins and faucets can end up causing a clog ... or worse, they could corrode your pipes and cause a leak.

Cover It Up - Simple drain covers can go a long way to keep out clog causers such as hair, etc. from going down the bathroom and shower drains. There are many varieties to choose from. You will need to clear out your drain screen regularly, otherwise your sink will drain slowly.

Keep Pop-up Stoppers Clean - The pop up drain stoppers that are most likely in your bathroom basins are major clog causers. They can accumulate a build-up from soap scum and other residues and collect hair balls and other things that are sure to cause major clogs. Pull up these pop-up stoppers as far as they go and clean them off on a regular basis.
